NOTE -

To define the work of the I ^ of luction and his assistants better, I think that we should carry out the arrangement already suggested by me about the work of Mr rish a Rao He may be made the Superintendent of Vernacular schools for the whole state (Primary, Middle and Normalschools) His relation to the I ^ will be the same as that of one the Circle Inspectors This would set the work of the expansion of primary education on a more satisfactory basis

The Dy Inspectors will, as heretofore, have charge of these schools also in their districts but will correspond with the Supdt in respect of all Vernaculars schools The Assistant Dy Inspectors will no longer have offices but will be attached as Assistants to Dy Inspectors and do the work of inspection alone One clerk and one peon may be added to D Inspectors' offices for the sake of these Assistants

The Anglo-Vernaculars schools will continue to be under the Dy Inspectors who will correspond with Circle Inspectors in respect of them and the inspection will be done by them and Circle Inspectors

The scheme may be brought into force at once and the appointment may be made tentative for 3 years

I have consulted Mr Shama Rao, who thinks there would be some unnecessary duplication but has otherwise no objection to the arrangement

I would also suggest at the same time that Mr Shama Rao may be confirmed in his present position The present uncertain tenure is in many respects unsatisfactory

D O No. 48

Office of the Inspector General of Education
in Mysore, Bangalore, 10th July 1913

My dear Mr Nanjundayya,

Your D O dated the 7th instant Mr C Krishna Rao may be given the designation of Deputy Inspector General of Education and given the grade of Rs 600-50-800, with a starting pay of Rs 700 His present pay is Rs 500 with allowances of Rs 150, total Rs 650 Considering his age and the long and meritorious service he has rendered, it would not be too much to give him Rs 700 He may also be Ex-officio Secretary to the Education Committee of the Economic Conference I may however say that unless Mr Krishna Rao is given an Assistant Secretary to help him in the Conference work, his work as Deputy Inspector General, especially the touring work, cannot be properly regulated. His present designation of Special Assistant to the Inspector General does not give him sufficient control over all the Inspecting Officers of the Department in supervising and extending primary education and with the change of designation a

Subject — Appointment of the Deputy Inspector General of Education

****

Mr C Krishna Rao is at present employed as a Special Assistant to the Inspector General of Education to work out the scheme for the expansion of education recently sanctioned The position is not clearly defined and in the interests of efficient work, it is desirable to do so It was first considered that it would be best to appoint him as Superintendent of Vernacular Schools with jurisdiction over the whole State, of course working under the Inspector General of Education But on further consideration and consultation with the Inspector General of Education, it is deemed best to appoint him as Deputy Inspector General of Education without a separate office The Inspector General will be asked to entrust him, along with other work that he may consider suitable, with the work of organization and supervision of all institutions connected with Vernacular education (both elementary and secondary), so that it may receive undivided and uniform development. A D O letter received from Mr Shama Rao is placed below

Mr Krishna Rao's pay may be fixed at 700-50-800 His present pay is Rs 650 and he is already 55, though he is still quite fit for work apparently for four or five years more at least As this is a special appointment, there is no ~~need of~~ particular significance in fixing the pay at Rs 600 as the start and giving him two increments in advance

Mr Krishna Rao will, in addition to this work continue to be Secretary to the Education Committee Whether for this work there should be an Assistant may be considered later on

The present proposal may be sanctioned as the necessity of strengthening the Inspector General's Office to manage efficiently the extended operations of the Department cannot be doubted

The opinion of the Financial Secretary may be obtained

In the note of submission to His Highness it may be made clear that the Second Councillor also agrees in the proposal

The form in which the proposal meets with the approval of the Councillors and myself is that the appointment may be made on a salary of Rs 700 and that the Inspector General of Education be asked to entrust to Mr C Krishna Rao direct charge of Vernacular education both elementary and secondary

Mr C Krishna Rao will continue to be Secretary to the Education Committee of the Economic Conference which will take up a substantial portion of his time

The reason for the appointment is that the educational activities of the State are growing and it is necessary to ensure that the extra grants given are utilized to the best advantage so that they may be productive of the best results that the circumstances admit of
